Subject: Macro Core Exam Result

Dear **Tanya Sethi**,

I regret to inform you that you did not receive a passing grade on the **macro** core exam. Your grade was MP (Masters Pass), which qualifies you for a Masters Degree but not to continue in the PhD program.

If you wish you may review your exam in preparation for re-taking the exam in July. Exams will be available for review beginning June 17. Here are the procedures we ask you to follow:

1. Request a copy of your scanned exam, as well as the exam questions, from Kristina.
2. Review the returned exam.
3. After reviewing your exam, you may request a Zoom meeting with Kristina to review grader comments on the exam. These grader comments will not give point breakdowns, but may be useful in helping you see where you went wrong.

Regards,
James
